

# Marconi AD722

THE LOW COST  
HIGH PERFORMANCE  
ADF

## 3,500 in operation

EVERY DAY, ALL OVER THE WORLD

The AD722 lightweight automatic radio compass, designed to a military specification, has achieved over 2,000 hours 'mean time between failure' in airline service. More than 3,500 Marconi AD722's are providing reliable navigation for fighters, bombers, trainers, airliners, executive aircraft and helicopters.
